Re: **Annual Review of Base Rates for Fuel Costs of Duke Energy Carolinas, LLC,
Increasing Residential and Non-Residential Rates
Docket Number: 2021-3-E**

Dear Ms. Boyd:

Duke Energy Carolinas, LLC (“DEC” or the “Company”) and the Southern Alliance for Clean Energy and the South Carolina Coastal Conservation League (“SACE/CCL”) are filing this joint letter to advise the Public Service Commission of South Carolina (the “Commission”) of an agreement reached between them in connection with the above-referenced docket. Specifically, DEC and SACE/CCL have agreed to the following:

- SACE/CCL withdraw their \$3.8 million disallowance recommendation in this docket.
- DEC will provide the following information in its native format in future South Carolina annual fuel proceedings upon the submission of a data request from SACE/CCL:
 - Excel spreadsheets showing the unit cost data that the Company sees at the time it makes its unit commitment decisions (projected unit costs). These spreadsheets include all Duke-operated resources available to serve load.
 - Documents containing the Company’s Seven Day Forecast reports that show how the Company planned to operate each unit (output for each unit).
 - Total load projected to be served in each hour, expressed in MWs, and the required MWs of operating reserves required in each hour.
